After carefully selecting the Pinot Noir and Chardonnay grapes, the Azienda Agraria Semonte uses the traditional method in making this spumante. The strict control of the winemaking process and the lengthy time on the lees make this a sparkling wine suitable for all occasions. It takes its name from a woman greatly admired during the Renaissance – Battista, the beloved wife of Federico da Montefeltro.

The **AZIENDA AGRARIA SEMONTE** is perfectly located in the extensive area of Gubbio, whose pristine nature and environment provide a splendid setting for a city rich in history, culture and traditions. It is a place of spectacular scenic beauty also for its excellent agricultural products, as can be seen by the production of this wine, which begins from the marly soil at an elevation of 800 meters above sea level. The soil, slope, exposure and climate are fundamental elements for every terroir and the wine it produces; thus the traces of ancient cultures find space among the perfect geometries of this estate's vineyards. It is this tradition that lives on today in Giovanni Colaiacovo's new family enterprise, which has always believed in the values of a land that is unique in its kind.
